

Über

Students Group

Über is a relatively new group to the church. We started out in September as the next step on from youth fellowship. AYF provides a great environment for teenagers to meet with other Christians and develop their faith, but there seemed to be something lacking for those older teens/early 20s when they moved on from this.

We meet weekly, with 8-10 regular members, although during university holidays this can increase to 20+!

We have looked at a variety of things over the past few months including studying 'Epic', a book by John Eldridge, various Nooma dvds by Rob Bell, bible studies on different topics and issues, using films to further our understanding of Christianity and an evening on Open Doors. We also have a monthly social, usually involving a trip to the pub!!!

Quite a few from the group will be going on camp to help out with YF this year and some have a trip to Momentum (Soul Survivor) planned for later in August.
