

Building Group Report

Newsletter number 4 is the main report!

In addition,

- There have been major repairs to the stonework during the year, paid for by grants
- A lot of work has been done in the bell-tower, cleaning, fixing access and painting the bell frames
- We have received the quinquennial report. There are some major items which require attention within the next 3 or 4 years. The valley between the north aisle and the chancel especially needs repair soon and we need to investigate sources of funding to deal with this

Again, many many thanks to Tony Phillips and helpers for all the work they have done and are continuing to do. They have saved the church many thousands of pounds!
