

## POP-IN

We are still meeting every Wednesday, and enjoying the time of fellowship together. Our programme doesn't vary much and the monthly meal is still considered worth coming to. Our numbers are decreasing. We do not get so many newcomers these days. As we are very short of drivers we can no longer offer to take on more people who would need fetching. With the nature of our group we have said good-bye to three faithful friends since last AGM, Nancy Drakely, Margaret Hughes and Maureen Huber. All had been coming since the start of the group. Also Vi Woods another original member and Gladys Cox are no longer able to come, through poor health. We are sorry that Joyce Gainey, another original Team member had to give up for health reasons but always pleased to see her when she is able to come. We thank her for the help and time she gave over many years.

The Team, as I say every year, are also getting older and we would love to see new and younger people part of the team; and taking over. Our immediate concern is for some help with fetching folk on a regular basis. Please pray that we can continue to give the friendship and support that we have been able to do for the past twenty one years to the older friends of ours in Aldridge and showing God's love in our meetings.

My thanks again to all the team; Alan and Tillie Owen, Jean Lavender, Jan Stanley, Margaret Trimmer, Pauline Stanford, Bob Richardson, Mac Beddows and Derek Cowdrey. Thanks also to Helen Gilbert who comes to help us cook on our meal days.

Rita Reed.
