

Sew and Sews

As a group of people from all walks of life, different ages and hobbies, we continue to meet every week on a Tuesday in the church rooms. The numbers have remained fairly static this year and some discussion has been taking place on how to 'advertise' the craft sessions. In addition to the weekly meetings we have also commenced a monthly knitters and sewers night (first Monday of the month), this takes place in the home of a group member, and this group is smaller and has, again, enabled a warm and friendly environment for conversations, support and discussions.

Praise God for the way He uses situations and conversations to open hearts and minds to question the world today and who He is. Several members of the group have supported some of the church events the past year and one member will be attending the Alpha course in May.

Thank you for your prayers and encouragement with this work.
