Hope Healing Home Beijing

Update June 2008

Dear Friends and Supporters,

This month has been really busy with more children receiving medical and surgical treatment. There were 4 more adoptions this month and a few more in the pipeline which is always very exciting. Please keep our staff and children in prayer. Many children are sick and some will not survive. Please lift up their suffering and the needs of all those who care for them.

1) Hope Healing Home Beijing

Lucy, remains in Hong Kong undergoing chemotherapy for cancer in her eyes. The news is good as the tumor in her remaining eye is responding to treatment and her sight could possibly be saved. **Emma** in the US has undergone a second procedure for the defect on her face and she is doing well. **Jade** is still in Singapore. Her heart operation was successful but there have been complications with her lungs. **DS Chuang** has returned from Hong Kong after bowel surgery. **Hale** and **Abby Joy** have had successful lip and palate surgery respectively. **Lola** went to Hangzhou for heart surgery and **DS Ji** has had his first heart surgery and is doing well. **Jericho** from our unit in Luoyang went to Hong Kong for cleft surgery. His previous repairs were not successful. **Y Mei** and **Gordan** are home after cleft lip surgery at Anhui Children's hospital. **FS Li**...has been admitted to Beijing United Family hospital for bowel surgery. **LC Wen** returned from Shanghai after bowel surgery. **Jasmine** was admitted to Beijing United Family hospital with pneumonia and has recovered.

2) Shaohannah's Hope Healing Home (Luoyang)

Robin visited this month and work has progressed further without any complications. In memory of 5 year old Maria Sue Chapman, who tragically passed away on May 21st, you can donate baby bouncers to this new project. Please go to the following websites for more information.

4) NHF Special Care Units, Jiaozuo, Luoyang and Xin Yang, Henan Province: (75 beds)

These units provide humane and loving, hospice care for infants and young children with severe congenital defects who are unlikely to survive under normal circumstances. Those who survive are unexpected blessings.

Jiaozuo : Ethan passed away after being in our care for 3 years . He had severe cerebral palsy and spasms. He is finally at peace. Shane with a congenital heart condition was admitted

Luoyang Jessica, Carl and Phoebe, were admitted this month in very poor condition. Mark and Joseph have been fostered to local families after completion of all their surgeries, while awaiting adoption. Luoie a premature baby was admitted and passed away within hours:

Xin Yang Daniel, and William passed away peacefully. 4 day old Jasmine II was admitted in a very poor condition and passed away soon after. Abby Joy, Jonathan and Grace who had their cleft lip and palates repaired have been returned to Xin Yang to be placed in a foster program there while awaiting adoption. This program is organized by Love Without Boundaries,.

4) Love Without Boundaries Heartbridge Rehabilitation Unit(18 beds)

Y F Jia with a cleft lip and possible brain damage, and ZM Chun with clubbed feet were admitted. YF Ni left for adoption and M Quan was placed in foster care. (see above)

5) Our Most Sincere Thanks:

1) We thank the 6th graders of ISB for their support and interest in the care of baby James.

2) We thank the Mackenzie Fund for covering the cost of 12 children who required cleft lip and palate surgery. We are grateful to all those who donate to the Mackenzie fund for this purpose. 6 month old Mackenzie Trask, granddaughter of a good friend, passed away in 2006. She was born with a cleft palate and her fund helps provide

surgery for children with similar defects. If you wish to donate to this wonderful fund to help more children with cleft defects, please go to Shaohannah's Hope Orphan Care website.

3) We thank the various groups and organizations who have covered the cost of 6 of our nurses for at least one year.

6) Our Needs:

We have had no response to our need for coal that we put out last month so I will mention it again this month. Contributing to this need is understandably not as popular as donating to a specific child but this is an essential need none-the-less, as the winters here are bitterly cold.

1) We would appreciate donations towards our cost of coal for next winter. It is cheaper to buy it now as opposed to later in the year .We bought 130 ton which is the normal amount we use each winter, for just over US \$10,000

We are also in need of finances for our medical fund for the children below who needed surgeries. These past 2 months we have had more than 25 children admitted to hospitals for various surgeries and illness. While many of the surgeries have been free of charge thanks to the generosity of the surgeons and other foundations, some have not been free and there are other "hidden" costs like transport and nanny stipends.

2) The following children need financial support for their surgeries .The prices vary greatly depending on where and what surgery was done, age of the child and seasonal changes in flight prices . Costs are averages.

Jade (Heart surgery): Airfare for child and escort Singapore return \$1200

DS Han (Neurosurgery)Travel and nanny care to Suzhou \$650

Charlie (Heart surgery), Hospital fees, travel and nanny care in Hangzhou \$7000

DS Ji (Heart surgery), Hospital fees, travel and nanny care in Hangzhou \$7000

Jericho (Cleft surgery) in Hong Kong, travel only for child and escort \$1300

DS Chuang (bowel surgery) in Hong Kong, travel only for child and escort \$700

Lola (Heart surgery), Hospital fees, transport and nanny care in Hangzhou. \$7000

With our deepest gratitude

Joyce and Robin Hill
