Hope Healing Home Beijing

Update September 2011

Dear Friends and supporters,

We would like to thank all of you who responded to our urgent appeal to help Harith. Your generosity was overwhelming. He is now in Beijing United Family Hospital. Dr. Steve Martin travelled 10 hours in a van with him to bring him safely to Beijing where there is hope that he will be able to receive the treatment he desperately needs. He is stable at this time. Please keep him in your prayers. He has fought so hard to stay alive that we cannot but fight with and for him. I will keep all those would contributed to his care an update with any new developments.

This month we began renovations in the new Xinyang CWI. They are moving to a newly built facility. This will enable us to expand our Center there from 18 beds to 45 beds. We will occupy the top floor of the building. We have also been asked to train the nannies in the Xinyang SWI and we will try our best to make this happen. The new SWI is likely to be opened in June/July 2012.

New Admissions to Beijing

We had 2 new admissions in Beijing this month. **ZJ Guan** a tiny 1.5 kg premature baby, did not survive. We were very sad that we could not save him. We were looking forward to seeing him grow into a healthy little boy but it was not to be. **ZJ Xun** with cleft lip and palate was very ill with pneumonia soon after admission and was transferred immediately to the Beijing United Family Hospital. **GY Kang** with a heart condition was admitted. We hope he will fare much better

5) Our Needs

We could do with some help for funds for running costs, the most unpopular item but without which, we cannot function.. Now that we are legally registered, there are more bills to pay. Please consider this request as the numbers of children under our care keep growing. Rob says we are down to the bare bones of our butts. We have been in this place before but our faith remains strong. It is not what we want but for what God wants for the children. We are in His hands.

6) Our Most Sincere Thanks;

- a) A Mother's Love for covering the cost of 5 cleft lip repairs. Some of the children are still in hospital and we are waiting for them to come home before sending out pictures
- b) Jenny, Nigel and friends for bringing much needed supplies from Australia and also for a monetary gift.

*With our deepest gratitude
Joyce and Robin Hill*

Each of us may be sure that if God sends us on stony paths He will provide us with strong shoes, and He will not send us out on any journey for which He does not equip us well.
