Thank you for being a member of the team providing refreshments on Sunday mornings. This is part of the wider ministry of the church and continues to be appreciated by our congregation. Tea, coffee, sugar and squash are provided in the kitchen. Please contact the Church Office or Pauline Stanford if you notice supplies are running low.

Refreshments are served after the service.

- Those setting up need to arrive in good time before the 10 am service starts, to put the coffee machine and urn on and get the cups and mugs ready so that everything is ready as soon as the service finishes. Those setting up should bring the milk. They are free to use the cafetieres rather than the coffee machine if they prefer.
- Those helping with the serving and washing up need to be available as soon as the service ends to help serve and be ready to begin washing up.
- It is best to organise two serving points, with squash and biscuits on a separate table. This will hopefully speed up the serving process and avoid a long queue forming.

We are hoping that this way of serving refreshments will work smoothly. If you have any queries or suggestions to improve the organisation for serving drinks, please speak to one of the wardens.
